

VALIANT GROUP - ENTREPRENEUR PHILANTHROPY

Kheng Chiu Happy Lodge in Tampines

"Now that I am a little financially stabilized in my life, I try to do as much charity work as possible", said Simon Goh, CEO of Valiant Group.

"Last year, my company Valiant Network donated and installed free bio-metric Intelligent locks to St. Andrew's Autism Centre (SAAC)", he added. In addition, Valiant Network pledged \$100,000 to SAAC from the proceeds of the sales of 2,000 locks (\$50 will be donated for each lock sold).

Valiant Group's entrepreneur philanthropy takes a deeper meaning with the recent outright donation of S\$10,000 (Singapore Dollars Ten Thousand) to Kheng Chiu Happy Lodge (Kheng Chiu Loke Tin Kee Home). This Corporate Social Responsibility (CSR) initiative was carried out in conjunction with local evening Chinese newspapers, Shin Min Daily News which endorses this charity event. In addition, Valiant Network will donate and install Valiant bio-metric locks and CCTV cameras and cabling works for the protection of the sheltered Home's premises.

Kheng Chiu Happy Lodge, a 150-residents Sheltered Home was built in 1999 at a cost of \$8 million, with \$7 million funding from the then Ministry of Community Development and the remaining \$1 million from public donations. Situated at 70 Tampines Avenue 4, this 7-Storey charity building has 44 rooms for both male and female residents and is near the town centre with

amenities like Tampines MRT station & bus interchange, polyclinic, regional library, supermarket, shopping centres, etc.

At the cheque presentation ceremony on 19 June 2013, graced by Mr Mah Bow Tan, (Member of Parliament, Tampines GRC and former Minister for National Development) and Mr. Foo Jong Peng, Chairman of Kheng Chiu Happy Lodge, Simon Goh said that he is happy to do his bit for society and hopes that more companies will step forward to help the needy. Mr Mah echoed his sentiments and thanked Valiant Network Pte Ltd for the donation at this special event, held in conjunction with the Home's celebration of Father's Day and Dumpling Festival.

When interviewed for this story, Simon Goh said, "Today, I view life differently, and will go all out to help others to make a difference in their lives with all my means. In my life, I have had the good fortune of meeting people who helped me progress and prosper. I feel this is the right time to pay back".

As part of Valiant Group's commitment to do more for the less fortunate, Valiant Network will be extending this charitable initiative to other old folks homes, charities and needy families. Meanwhile, its parent company Valiant Security will also start bursaries and scholarships for their security employees' children and expand their opportunities for better education opportunities.

Third in its annual series organized by the Security Industry Institute (SII) and Workforce Development Agency (WDA), the Security Industry Conference 2013 was staged at the opulent Marina Bay Sands Expo & Convention Center from 7 - 8 May 2013.

Attended by the key practitioners of the security industry, the two-day event touched on the theme, "Evolution of Crisis Management Strategies". Papers presented included Case study - Lesson learnt for Emergency Planning by SMRT, What's wrong with Contingency Planning by Forbes Prevention Pte Ltd and Response to Active Shooter attacks by Singapore Police Force.

Representing Valiant Security were Simon Goh, Adrian Loo and Selvi Malar who also took the opportunity to tour the accompanying Safety & Security Asia Exhibition.

NEW ASSISTANT OPERATIONS MANAGER

As part of our staff development and grooming program, 37-year old Sam Karthivan was promoted to Assistant Operations Manager in May 2013. He joined Valiant Security in August last year and was posted to various assignments to familiarize him with the different security duties at our clients' premises.

To prepare him in his executive role, Sam underwent security supervisory and other related courses. Enthusiastic with his new responsibilities, he has started visiting our clients for better inter-action and bonding. Always immaculately dressed in his smart shirt and tie, Sam projects a true picture of professionalism and confidence as he goes round our sites.

OUR CEO MEETS THE MAYOR OF MANILA, PHILIPPINES

On a business exploration trip to the Philippines from 11 - 13 April 2013, our CEO Simon Goh was introduced to the Mayor of the City of Manila, Mr. Alfredo S Lim. An extremely gracious host, he extended his hospitality to our team, which included Bernard Liew and Richard Pang from Valiant Capital Pte Ltd. The Mayor presented Simon with some very significant souvenirs from his office to commemorate the special occasion.

During their 3-day stay in the Philippines, they also met up with potential investors for running F&B outlets in Manila.

Key of Friendship

MAY DAY TREAT FOR SECURITY STAFF

Whilst others were having a break on May Day (Labour Day Holiday), our Security Officers and Supervisors were hard at home, protecting our clients' premises. As a caring "employer", we made a concerted effort to demonstrate our deep appreciation by delivering packed meals of "Nasi Briyani" and drinks to both our day & night shift employees.

This little token of appreciation was well received by our security staff. When interviewed, our Operations Executive Sam Kathik and Sales Manager, David Ang (who went round delivering the food) said that there was apparent joy in the security officers' eyes as they had not quite expected this special treat from the Company.

VALIANT NETWORK MARKETING COLLATERAL

As our marketing efforts to reach out to the business and home security system solutions hit a crescendo, it becomes necessary to churn out a new marketing catalogue to showcase our capabilities in technology integration of hardware and software.

Partnering international brand names equipment manufacturers and suppliers, our Valiant Network team, lead by Managing Director Michael Cornelios and supported by Sales Manager David Ang and System Engineer Dinesh, is now poised to service both the commercial and public sectors.

Valiant Capital is able to offer piece-meal, customized or complete turnkey project management for the outfitting, wiring, cabling and equipment installation of a total office business automation system. This includes consultation, advisory and installation supervision of the network data cabling system, right up to commissioning.

VALIANT OPENS NEW SHANGHAI OFFICE

Valiant Investment Office Building

Front entrance

China is undeniably a huge market potential for Valiant Investment Shanghai Limited. All indications from our previous marketing trips have signaled the need to establish our foot-hold in this giant economy. With this in mind, we set up our very own first China office in bustling Shanghai.

Situated in the commercial district of Xujiahui, Valiant Investment office is on the 21st floor of a mixed

development building, and boasts of an area of 2,700 sq feet of prime space. There is a shopping mall on the lower floors which are directly linked to Yishan underground metro, making excellent accessibility in the ever-busy metropolis of Shanghai.

Manned by both Singapore Management and Mainland Chinese staff, Valiant Investment Shanghai is envisaged to be our main catalyst for our expansion in the region.
